Three antique hat pin holders. These were used in the 1800's and early 1900's to hold hatpins. Hat pins were used to hold lady's hats to their hair. (One hatpin holder is marked on the bottom with the RS marking described below.)

In recent decades antique porcelain collectors have increasingly sought after pieces bearing the celebrated Prussian porcelain marks with the letters "RS" encircled by a green wreath beneath a 5 point star. "RS" are the initials for Reinhold Schlegelmilch, the private owner of a porcelain factory in Suhl Germany that was founded in the late 19th century at a time when demand for European porcelain from abroad was nearing its peak.
