### Poinsettia Sale

Wednesday, your child will be bringing home a packet of information about our annual Poinsettia Sale. This is a major fundraising program that directly benefits our classrooms by giving teachers money to spend. Please help your child determine who might be interested in helping out our school in purchasing plants, including individuals, business or church contacts. We are also looking for parents to help distribute the plants to our students when they arrive on campus, November 30th. If you are able to help, please email [jody.s@cedarpark.org](mailto:jody.s@cedarpark.org).

### Fall Conferences

Conferences this year will occur Nov. 19 – 23<sup>rd</sup> in the afternoon, with an early dismissal each day at 11:15 a.m. This is a very valuable time for parents to connect with teachers and all families are encouraged to participate. You will be able to choose from a time where teachers are available and you can walk around and chat with your child's teachers, and we will also offer an individual time that is scheduled with a specific teacher. If necessary, we can set up a group conference time for you to meet with a group of your child's teachers. Be watching for a separate email concerning Conference sign up times.

### Mountlake Terrace / Lynnwood Auction

Pull out your best duds, because "Puttin' on the Ritz" will be the theme for our auction this year. March 5, 2011 is the date, so make plans to be there. This year we are again offering a sponsorship opportunity teachers and staff members. If you'd like to show your appreciation, a donation of any size towards teacher/staff tickets is welcome. Procurement forms are still in the production phase, but they will be available as soon as possible. We'd love your help and/or your input for the auction team. Please email your thoughts to the committee chair, Sue Muir at: [CPCSauction@Laseritnow.com](mailto:CPCSauction@Laseritnow.com). Our first meeting will be this Monday, October 25th at 7:00 pm in room 5 at the Mountlake Terrace campus. ## Meningococcal Vaccines

Dear Parents/Guardians:

As of July 1, 2005 all Washington State schools are required to provide meningococcal information to families with students entering sixth grade and above.

According to the Washington State Department of Health, meningococcal disease, commonly known as meningococcal meningitis, strikes up to 3,000 adolescents and adults in the U.S. each year. Adolescents and young adults have an increased rate of contracting meningococcal disease compared to the general population, accounting for nearly 30 percent of all U.S. cases annually. According to one study, as many as one out of every four adolescents infected with the disease may die. Of those who survive, up to 20 percent suffer long-term disabilities, including brain damage, hearing loss, kidney disease and limb amputations.

The Department of Health wants you to be aware of meningococcal meningitis and the availability of a vaccine to protect against the disease. Vaccination can help protect against up to 83 percent of the meningococcal disease cases occurring among adolescents and young adults. Vaccination is not required for school attendance.

We encourage you to learn more about meningococcal meningitis and prevention and speak to your child's physician about immunization. In addition, we urge you to speak to your children about good hygiene and not sharing personal items that may help transmit the disease.

There is additional information available on the following web sites:
